

Community Consultation

Updated designs for community housing behind Kindrochit Court

10am Wednesday 16th to 4pm Saturday 19th December

St. Margaret's Church, Braemar

PLUS

Online conversation with the architects

Thursday 17th December 7.30-8.30pm

Braemar Community Ltd (BCL) has been working with a team of architects and engineers on the designs and ideas for the new affordable housing behind Kindrochit Court.

Following on from last year's feasibility study, we'd like **your** views on the updated designs.

This is your personal invitation to come along to this socially-distanced consultation, have a look at the proposals and tell us what you think.

You will also be able to read and comment on the draft 'Allocations Policy' - the guidance setting out how those interested in homes will be prioritised.

Tomrichton Community Woods

Beside the site for the new affordable housing project is the much-loved and well-used Tomrichton Woods.

You'll perhaps have seen in the news that BCL has received funding support from the Scottish Government to acquire the woods from owners Mar Estate for the long-term benefit of the community.

The wood is home to a number of bird, animal and plant species. We want to improve the habitat to introduce more species and plant more trees.

We also want to improve the footpaths and maybe put in a nature trail and bird and bat boxes.

Please come along and contribute your ideas too.
